PUBLIC MEETING

- (a) Planning application 01119: a neighbour explained his reservations about the application. These included an inaccurate representation of the boundary, and proposed roof lights very close to his property. He also felt that the lean-to part of the existing property was not capable of conversion as it was little more than a tin shed in a very poor state of repair. The applicant also spoke, and stressed that she was very willing to speak with the neighbours in order to reach agreement over the design.
- (b) Road safety in Catbrook. A local resident expressed his dismay that TUCC had resolved in July not to replace the village signs, as the existing ones were badly in need of repair. It was explained that repair of the existing signs was the responsibility of MCC. The discussion at TUCC had been over the provision of more attractive "gateway" signs to the village. The subject was not however closed, as MCC might bring forward plans to enhance road safety in villages in the near future (minute 19163).

19160. APOLOGIES FOR ABSENCE: Cllrs M Blakebrough, M Wakeling and Cty Cllr D Blakebrough.
The Deputy Chair, Cllr Alan Poulter, chaired the meeting in the absence of Cllr Martin Blakebrough.

19161. DECLARATIONS OF INTEREST
Cllrs Parker and Dagger: planning application 01227, as the applicant and close neighbour respectively.
Cllr Poulter: planning application 00652, as a close neighbour.
None of them participated in the relevant discussions or voted thereon.

19162. MINUTES OF THE MEETING HELD ON 15 July: agreed and signed as a true record.

19163. MATTERS ARISING FROM PREVIOUS MINUTES

Item 19150, etc: 30 mph zones and village entrance signs

Roger Hoggins had confirmed that the request for 30 mph zones had been added to MCC's highways project plan list, and the request for a village sign for Whitebrook had been logged.

MCC was looking at a wider "road safety and village enhancement" project, and more information would be forthcoming in the near future.

Item 19151: Refuse and Recycling Collections

MCC's Carl Touhig had advised that a number of changes would be made to collection schedules from 29 July to try to resolve ongoing problems. From that date any missed collections reported on the My Monmouthshire app or on the MCC website would not only be "mopped up" but also investigated. The investigation process should prevent repeat missed collections. A councillor reported however that since 29 July new issues had arisen in the Pen y Fan area, with hygiene waste not being collected despite several requests.

An application for funds had been received from Homemakers Community Recycling. This should be included on the agenda of the next meeting for full discussion.

Clerk

19170. CLERK'S HOUSE MOVE

It was noted that the clerk will be moving house from 16 September. TUCC's email will be unaffected. The address will be modified on TUCC documents and website. The current telephone number is a landline, so will no longer be functional. **It was resolved** that TUCC should purchase a mobile phone with a dedicated phone number for TUCC, to a maximum budget of £200. Usage should initially be on a pay as you go basis, to be reviewed in six months.

Clerk

19171. BABINGTON MEADOW

GAVO had commended the Committee, for encouraging volunteering. Planning for this year's Art in Penallt is well underway. The grass will be cut shortly.

19172. ANY OTHER REPORTS

- Dog fouling. Abergavenny Town Clerk had convened a small meeting to air concerns about over-reliance on Merlin Waste. MCC would prefer the use of normal litter bins (from which 90% of waste goes to incineration), rather than specific dog waste bins with waste going to landfill. No conclusions have yet been reached.
- Thorneycroft, The Narth. There was concern that planning conditions specified in Planning consent 00280 were not being complied with. The clerk was asked to write to MCC's Planning and Highways requesting enforcement of the planning conditions. Vehicles associated with the building work were also causing obstructions on the lane, with no advance notice being given to residents.
- Whitelye Common. Local residents are keen to carry out conservation work, and are seeking advice from Gwent Wildlife Trust. They will report back once a plan is drawn up, to seek approval from TUCC.
- Road works – better advance notification needed. Councillors were reminded of the weekly road works list available on the MCC website.
